

## NRHC STATEMENT ON VIOLENCE AT U.S. CAPITOL

**Washington, D.C. (January 7, 2021)** – The National Rental Home Council (NRHC) condemns the brazen and unlawful actions of those individuals who took occupation of the U.S. Capitol Building yesterday.

“In a free and democratic society there is no rationale or justification for such events,” said David Howard, Executive Director, NRHC. “Our support is fully with the members of law enforcement, the staff and personnel of the Capitol Building, and the elected officials called on to fulfill one of the most critical roles in legislative government – certifying the official results of the most important election in the land.”

“As an organization, we take very seriously our duty to represent the political and legislative interests of this industry, and that means we respect both the rule of law and the role of elected officials in carrying out those rules,” Howard added.

### About NRHC

The National Rental Home Council (NRHC) is the nonprofit trade association representing the single-family rental home industry. NRHC member companies provide families and individuals with access to high-quality, professionally-managed single-family rental homes that contribute to the vitality and vibrancy of neighborhoods and communities. For more information on NRHC or the single-family rental home industry visit [www.rentalhomecouncil.org](http://www.rentalhomecouncil.org).
